

# Fiber Soft Armchair Swivel Base w. Gas Lift, Castors and Tilt

“One of the foremost principles of design is to create simple and well-functioning, almost ordinary objects that nevertheless have a strong identity. We designed the Fiber Soft Armchair to do just that. The chair’s sculptural language, paired with a wide and ultra-soft seat, refuses to compromise on comfort and invites the user to be seated for hours on end. With soft wadding and upholstery, the Fiber Soft Armchair enhances the idea of grand comfort. The chair’s inner shell is made using recycled plastic for a conscious and innovative perspective on materials.”

— Iskos-Berlin

<b>Designed by</b>	Iskos-Berlin
<b>About the designer</b>	Iskos-Berlin is a Copenhagen-based design duo that has made international headlines within furniture, industrial and graphic design. The studio, formerly known as Komplot Design has collaborated with some of the world’s most prestigious manufacturers and their furniture, lighting and other design products are exhibited at numerous design museums around the world including MoMA and the Designmuseum Denmark.
<b>Environment</b>	Indoor
<b>Preassembled</b>	Yes
<b>Description</b>	A sculptural yet distinctly ergonomic seat makes the Fiber Soft Armchair ideal anywhere we spend an extended time seated. Its interior shell, made of recycled plastic, is clad with soft wadding and upholstery to elevate a supreme sense of ease and embrace. The spacious, ultra-soft seat and smooth curves of the Fiber Soft Armchair provide maximum comfort in public spaces and the home.
<b>Material</b>	Shell from 100% recycled plastic mixed with strength-improving additives. The recycled plastic comes from post-consumer waste. The seat, back, and armrest are clad with multiple layers of foam and wadding and finished with textile, imitation leather, or leather upholstery. Leather from selected premium leather suppliers.  Swivel base in aluminum. Pressurized gas lift cylinder in steel. Castors.

## Cleaning & Care

**Textile:** For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean, warm water. If necessary, clean by dabbing with soapy water made with a bit of dish soap. Finally, dab the surface with clean water. We highly recommend that you go to [kvadrat.dk](http://kvadrat.dk) for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

**Imitation Leather:** Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth.

**Leather:** As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.

**Refine Leather, Easy Leather, and Endure Leather:** Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit [ca-mo.com](http://ca-mo.com) for further information on cleaning leather.

**Allure and Grace Leather:** Only vacuum clean with a soft brush. Never use soap or water otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products like saddle soap, leather cleaners, or household products.

**Base:** Clean with a moist cloth. If necessary, use a little dish soap on the cloth.
