

Oslo Sofa 2-Seater

“With the Oslo Sofa family, we wanted to create a design that had a light and airy appearance with extensive comfort. Its smooth, embracing curves makes it a both inviting and sculptural design while the slender legs give it an elevated and refined look. The Oslo Sofa family brings a new perspective to the traditional sofa with its rounded softness and gentle seat—a friendly design for any setting of the modern home and office.”

Environment	Indoor
Country of Production	Poland
Preassembled	No - Mount legs to seat.
Description	The Oslo Sofa is designed with sculptural, geometric lines for a sophisticated expression, paired with its soft seat and enveloping back. With its playful lines, the design brings elegant comfort to any lounging setting.
Material	Seat and back in molded PU Foam with embedded steel frames and zig-zag springs. Fully upholstered with textile, imitation leather or leather. Leather from selected premium leather suppliers. Legs in powder coated steel with felt gliders.
Cleaning & Care	<p>Textile: For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.</p> <p>Imitation Leather: Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards.</p> <p>Leather: As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time. Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com further information on cleaning leather.</p> <p>Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.</p>
Spareparts	Plastic glide included. Felt glides sold seperately.
