

## B-Table Dining Table

Designed by Marcel Gascoïn - 1950

**ITEM NUMBER**

25164

**DESCRIPTION**

The B-Table is two tables in one, each with a very different aesthetic. A square tabletop features an additional curved section on each of its four sides. Lifting up just two sections onto a curved crossbeam underneath and rotating the tabletop causes the other two sections to rise. All four sections slide effortlessly into magnetic locks, securing them in place. This smooth and simple transition means the table can be transformed from one form to the other - and back again- by one person in a single fluid motion.

### Materials & Finishes

**BASE FINISH**

Oak Matt Lacquered / American Walnut Matt Lacquered

**MATERIALS**

Table top: Matt lacquered oak veneer / Matt lacquered American walnut veneer  
 Structure and legs: Matt lacquered solid oak / Matt lacquered solid American walnut
