

Doze Ottoman

“Scandinavia has a long tradition of extensively comfortable lounge chairs; at the heart of our design heritage lies the versatile concept of comfort. As such, the idea of creating a grand lounge chair came very natural to us. The visual references of the Doze Lounge Chair are however derived from the modern and clear lines of the Golden Age in Danish design, while at the same time being informed by some of our favorite designs of the 1970’s. To us, the characteristically large and sheltering back that embraces the soft seat creates a combination of the Scandinavian design ethos and the lines of 1970’s objects in a way that we find truly refreshing.”
