

In Situ Modular Sofa Modules

“With the In Situ Modular Sofa, we wanted to combine the functions of modularity with the beauty of simple, elegant lines and a deep comfort. We sketched a profile that runs along the seat and back of the sofa to subtly hide the visual elements of modularity, giving it a unique character while bringing the individual modules together for a complete appearance. The In Situ Modular Sofa combines the grandeur of traditional Italian sofas with the refined simplicity of Scandinavian design, making it the heart of any space.”

— Anderssen & Voll

Designed by	Anderssen & Voll / 2020
About the designer	Anderssen & Voll are two thirds of the former Norway Says and among the most prominent and successful Norwegian designers. They have formerly been named both Norwegian and Scandinavian Designers of the Year in Norway and have received international awards and recognition for their work with furniture, lighting, and home accessories.
Environment	Indoor
Country of Production	Lithuania
Preassembled	No - Assemble frame sections and mount seating modules on assembled frame sections.
Description	The In Situ Modular Sofa is a grand, modular design with sculptural lines that can be tailored to your individual space and taste with its modular elements hidden through subtle detailing of its front profile, paired with deep comfort and a soft seat. Choose from any of the 30 predesigned configurations or create your own, using the 9 different seating modules and loose cushions. The look and feel of the In Situ Modular Sofa is more casual in its appearance, compared to some of our other sofas. Visit our Product Planner to explore the possible configurations: planner.muuto.com/in-situ
Material	Frame in powder coated steel. Modules in an FSC™-certified (FSC-C028824) wood construction with foam and wadding. Fully upholstered with textile or leather. Textile from Kvadrat or Rohleder and Leather from selected premium leather suppliers. The inner of the In Situ Cushion features a foam core with a pillowcase around that is filled with fiber-balls.
Cleaning & Care	Remove non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water. Finally, dab the surface with clean water. Finish by soaking up the moist from the upholstery using a clean dishtowel and make sure it won't dye off and finish using a hairdryer. See kvadrat.dk for further cleaning and maintenance instructions for your chosen textile.

MUUTO

In Situ Modular Sofa Modules

Additional information

The look and feel of the In Situ Modular Sofa is more casual in its appearance, compared to some of our other sofas. The Clay upholstery available for the In Situ Modular Sofa is made in linen, being a soft material that folds and falls more gently over time with less stretch for a casual expression. When the sofa is new, a slight tightness in the upholstery can appear, making for subtle wrinkles in the beginning due to the inherent characteristics of the material. This is perfectly normal and allows for the design to maintain its expression and shape for many years into the future. It will be evened out over time while ensuring that the appearance of the upholstery does not become too loose.

Design your own

Choose between the 30 predesigned configurations or tailor your In Situ Modular Sofa to your exact needs — if so, find the seating modules of your desired configuration and then choose the frame section(s) that match the seating modules of the desired configuration. See separate product fact sheet for frame sections. Please refer to the order guide as shown in the last pages of this product fact sheet.

MUUTO

IN SITU MODULAR SOFA—ORDER GUIDE

A grand modular sofa that can be tailored to your exact needs with its modular elements hidden through the subtle detailing of the frame's front profile, paired with deep comfort and a soft seat.

With the In Situ Modular Sofa, you can choose between any of the 30 predesigned configurations on the following pages or create your own configuration, following the guidelines below.

Visit planner.muuto.com to create your own configuration online.

Create your own In Situ Configuration

1. SEATING MODULES

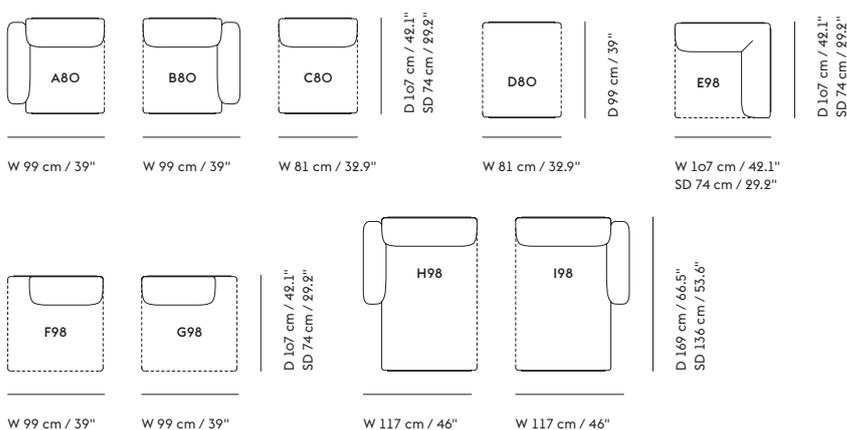

Find the seating modules of your desired configuration and add the item numbers of the desired textile or leather upholstery separately to your order.

You can only connect modules to the open sides and end of the modules, illustrated here with dotted lines.

An In Situ configuration must always have one of the following seating modules at each end: Armrest Module (A80, B80, H98 or I98), Ottoman Module (D80) or Open-Ended Module (F98 or G98).

The Ottoman Module (D80) can only be used in extension of Open-Ended Modules (F98 or G98) or as the only free-standing I-Seater configuration possible to build.

SEATING MODULES

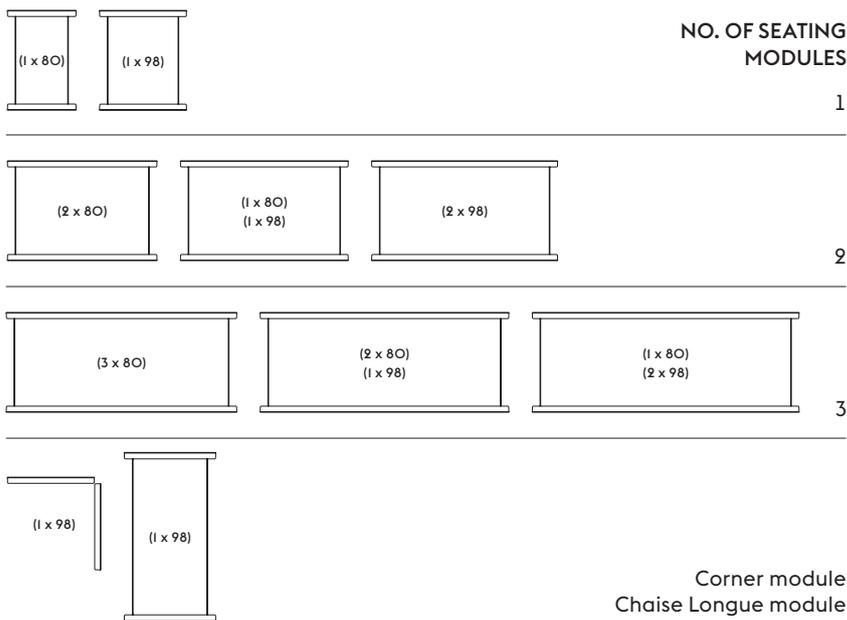

2. FRAME SECTIONS

Choose the frame section(s) that match the seating modules of the desired configuration (10 frame sections to choose from in total). We recommend using as few frame sections as possible when creating your own configuration for a clean appearance.

A Frame Corner Section must always be supported by sections in the two open directions.

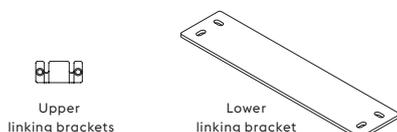

A configuration with chaise longue modules H98 or I98 must be created using at least 2 sections in total.

3. LINKING BRACKETS

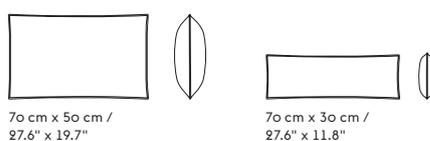

Identify the amount of linking brackets required to connect the modules in your configuration, following the guidelines below. **Linking brackets must always be used when joining together frame sections.**

Linking brackets must always be mounted on the adjacent sections that face the corner section.

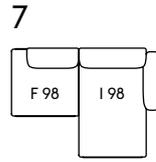

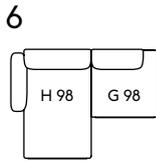

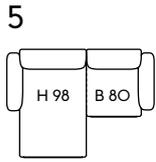

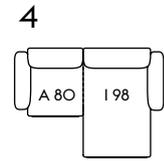

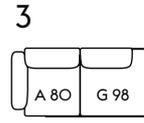

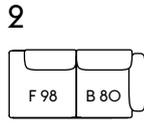

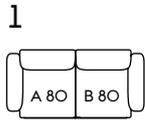

4. CUSHIONS

Specify optional cushions in the desired textile or leather for added comfort and a lounging expression.

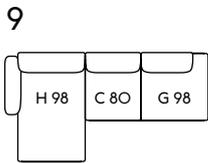

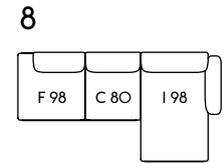

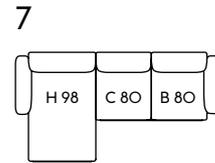

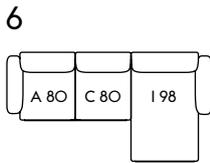

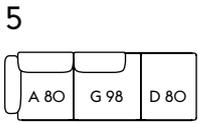

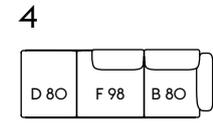

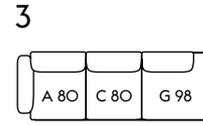

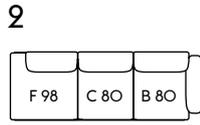

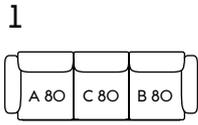

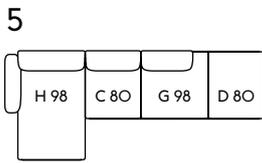

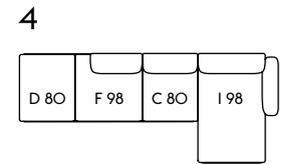

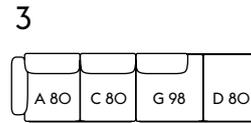

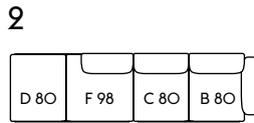

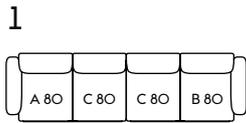

2-Seater

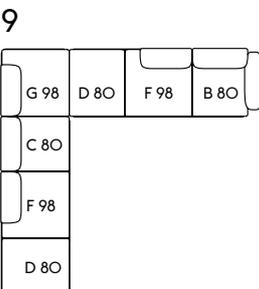

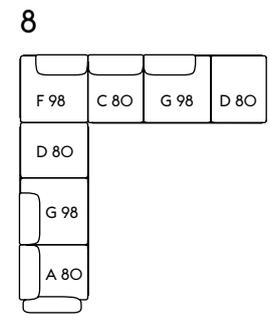

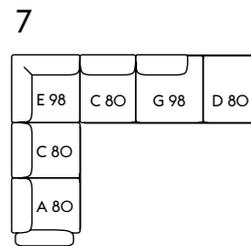

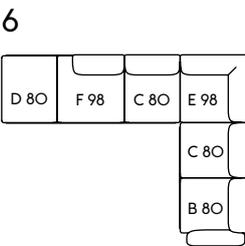

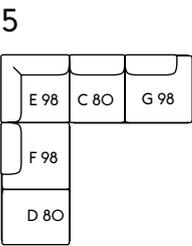

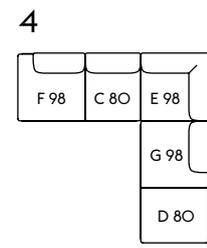

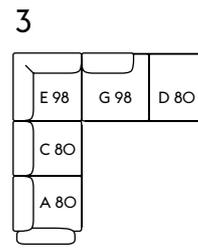

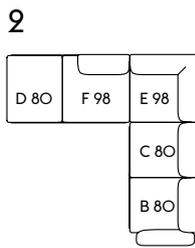

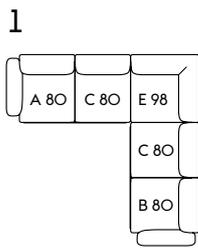

3-Seater

4-Seater
