

Oslo Lounge Chair Swivel Base

“Our idea for the Oslo Lounge Chair was to create a form that had an embracing comfort yet paired with a light and airy appearance. With its smooth, inviting curves, the design’s refined lines echo the sentiment of sculpted shapes while its base makes for an elegant touch and sturdy footprint. Bringing a new perspective to the archetypal lounging seat, the Oslo Lounge Chair is a friendly design for any lounge setting in the modern home and public spaces alike.”

— Anderssen & Voll

Designed by	Anderssen & Voll / 2021
About the designer	Anderssen & Voll are two thirds of the former Norway Says and among the most prominent and successful Norwegian designers. They have formerly been named both Norwegian and Scandinavian Designers of the Year in Norway and have received international awards and recognition for their work with furniture, lighting, and home accessories.
Environment	Indoor
Country of Production	Poland
Preassembled	Yes
Description	Marrying its compact design with comfort and elegance, the Oslo Lounge Chair offers an inviting and dynamic seat with a classic yet distinctly modern expression. A low and deep shell is elevated by an embracing back that envelopes and supports. The combination of sculptural qualities and a distinctly functional design makes it an ideal piece for the contemporary home and public spaces alike. The Swivel base adds a classic and dynamic feel to the chair as it facilitates flexibility and movement while seated.
Material	Seat and back in molded PU foam with embedded steel and wood frame. Fully upholstered with textile, imitation leather or leather. Leather from selected premium leather suppliers. Swivel base in powder coated steel with plastic gliders.

Oslo Lounge Chair Swivel Base

Cleaning & Care

Textile: For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to [kvadrat.dk](https://www.kvadrat.dk) for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather: Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards.

Leather: As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time. Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit [ca-mo.com](https://www.ca-mo.com) for further information on cleaning leather.

Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

Spareparts

Plastic glide included. Felt glides sold separately.

Oslo Lounge Chair Swivel Base
