

Reflect Sideboard

“Reflect owes its stunning and unique looks to the phenomenon under which it was envisioned: The natural light of Scandinavia. The four corners on each front have a unique thickness and curve that contributes to the light reflections of the drawers.”

— Søren Rose Studio

Designed by	Søren Rose Studio / 2011
About the designer	Søren Rose founded his studio in 2008, characterized by a strong personality and intrinsic attention to detail. As an integral part of the Danish design scene, he is a permanent jury member of the annual Danish Design Award while having offices in Copenhagen and New York.
Environment	Indoor
Country of Production	Slovenia
Preassembled	Yes
Description	The Reflect Sideboard is a storage unit with a considerable length that works in both a living room and larger office spaces. With a curved surface in a sturdy frame, the Reflect Sideboard is a modern take on the classic mid-century modern Scandinavian style.
Material	MDF board with veneer in oak. Solid oak legs and apron. Black version with water-based lacquer. Natural oak version is oiled with white pigment oil.
Cleaning & Care	<p>Oiled Oak: Upon receiving your Sideboard, we recommend that the surfaces are treated with a special oak wood oil, improving its resistance to stains and fluids. We also recommend that you continue caring for the product by repeating this treatment 2-3 times a year. We recommend using a tabletop oil with a small amount of white pigment that is food safe*. Clean the tabletop often and carefully with a soft and dry cloth following the wood's grain patterns. The product should not be exposed to excessive humidity, heat, or direct sunlight. Avoid placing the table in the immediate distance of a heat source. Do not place hot or wet objects directly on the table, as it may leave a mark on the tabletop. Metal objects can leave a mark if left on the table for a longer period of time.</p> <p>Any spills should immediately be removed to avoid discoloring. Clean the table top often and carefully with a soft and dry cloth following the wood's grain patterns.</p> <p>*Muuto recommends that you contact your local hardware store to get advice on oils for indoor use.</p> <p>Black Lacquered Oak: Clean the sideboard with a damp cloth. If necessary, only use a mild detergent or washing up liquid that is non-concentrated. Always wipe with a dry cloth afterward. To minimize the risk of stains and marks, liquid, grease etc., should be removed straight away. Avoid placing the table in the immediate distance of a heat source. Do not place hot or wet objects directly on the table, as it may leave a mark on the tabletop. Metal objects can leave a mark if left on the table for a longer period of time.</p>
