

Ridge Vase

“With its vertical lines and unique shape, inspired by a doorway in Paris, the Ridge Vase presents a new way to place flowers through a modern expression along with a sculptural character when not in use. The Ridge Vase manipulates the oval form through its refined dent while adding the function of a small handle to use when moving the vase from one room to another.”

Description	The Ridge Vase presents a new way to display flowers through its sculptural expression along with an artful character when not in use. The design features added functionality through its refined dent, allowing flowers to stand upright while also working as a subtle handle when moving the vase from one room to another.
Material	<p>Terracotta version is made from terracotta. Off-White and Beige version are made from earthenware. Glazed on the inside and raw on the outside.</p> <p>Terracotta: Liquid terracotta clay is poured into plaster mold from which the design is molded. The Ridge Vase is then polished with a wet sponge and fired at 1000° Celsius. After firing, the design is sprayed with water internally. Following that, the design is taken to the kiln again, this time at 1100° Celsius.</p> <p>Off-White & Beige: Liquid earthenware clay is poured into a plaster mold from which the design is molded. Cleaning & Care	The Ridge Vase's outer is untreated with a raw surface. When cleaning the Ridge Vase, we suggest that all usage of cleaning tools, such as a scrub sponge, that can get stuck in the rough surface is avoided. If the outer of your Ridge Vase needs additional cleaning, we recommend using an uncolored brush, such as a dish or nail brush, dipped in bit of warm water. Not dishwasher approved.
