

Sketch Toolbox

“The Sketch Toolbox is a small, friendly piece of architecture for the desk, helping you organize your tools and objects. Inspired by the simple architecture of houses, the design brings functionality and versatility with its compartments in various depths, alongside the handle, making it easy to move around. Made using 93% recycled plastic the Sketch Toolbox is a friendly companion for daily life, whether in the home office, a workplace, the bathroom or wherever you might find yourself needing a bit of modern storage.”

— Thomas Bentzen

Designed by	Thomas Bentzen / 2021
About the designer	Thomas Bentzen, former Head of Design at Muuto, started his own studio in 2010. Bentzen’s designs are characterized by simplicity, rationality and functionality — always firmly rooted in the Danish design tradition, material knowledge, craftsmanship and rational industrial manufacturing processes. His work continues to receive international recognition at fairs and exhibitions all over the world.
Environment	Indoor
Country of Production	Denmark
Preassembled	Yes.
Description	With a straightforward, functional design referencing the simple architectural lines of a house, Sketch Toolbox offers various rooms to accommodate a broad range of functions and needs in modern personal storage. Cast in one monolithic piece with a handle for portability, it is a friendly companion in daily life – at home, in the workshop or the nomadic workplace. The versatile toolbox is manufactured in Denmark using 100% recycled plastic.
Material	Produced using 100% recycled ABS plastic from post-consumer waste. The Sketch Toolbox is cast in one monolithic piece, which means that no screws are used and no assembly is needed.
Cleaning & Care	Clean with a moist cloth. If necessary, use a little dish soap on the cloth.
