

Foundation Benching Desk

Foundation Collection

PRODUCT INFO

Description

Our modular benching system works perfectly as a single surface in your home or private office, a collaborative desk-pack in a shared office, or in large linear runs and packs for your open-office space. Incorporate our optional accessories for daisy-linked power, privacy panels and file carts for a hard-working solution to any office need. Standard configurations are single desk, 2 pack, 4 pack and 6 pack or 2 linear, 3 linear and 4 linear. Custom configurations and finishes are available upon request.

Construction

Contract-quality and BIFMA Certified. Powder-coated steel base and wood veneered MDF tops with an integrated cord-drop are standard. Knock-down construction for easy shipping and modular configuration. PET Felt privacy back panels, powdercoated steel power troughs and file carts can be added for easy customization. Assembly is a breeze with included instructions.

Dimensions

Overall: H29.5" W56" D28" / H29.5" W60" D30" / H29.5" W47" D23.5"

FOUNDATION BENCHING - STANDARD CONFIGURATIONS

Our Foundation Benching Desks have infinite configurations. To keep things manageable, we stock the following configurations for quick ship:

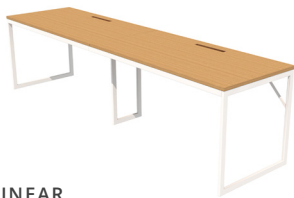

SINGLE DESK

4 PACK

6 PACK

2 LINEAR

3 LINEAR

4 LINEAR

If you need a configuration that can't be built with what's shown above, please reach out and we'll create a custom solution to fit any need.

NO PANELS

SIDE PANELS

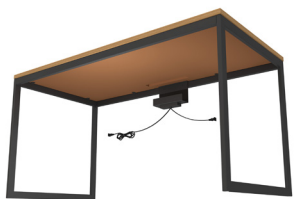

BACK PANELS

ALL PANELS

FOUNDATION BENCHING - PRIVACY PANELS

Add our pressed PET Felt Privacy Panels to any desk configuration for increased privacy and acoustical dampening. Mix and match side and back panels to tailor the level of privacy you need at your desk. Side panels only mount between desk tops - they should not be used at the open ends of a desk. If you're looking for added privacy at the open end of your desk, consider adding our floor standing Foundation Privacy Panels. All of our Privacy Panels are tack-able. Each panel comes with powder coated clips to attach to your desktop (black or white to match your desk base). Custom Felt colors are available with an added lead time and MOQ.

FOUNDATION BENCHING - POWER TRAYS

Add our Power Trays to any desk configuration. Trays are made with formed, powder coated steel (black or white to match your desk bases). UL Listed power strips include a 9' cord with male, wall-plug and 1' cord with female plug for daisy-chaining. 3 grounded outlets are standard. Customization is available with an added lead time and MOQ.

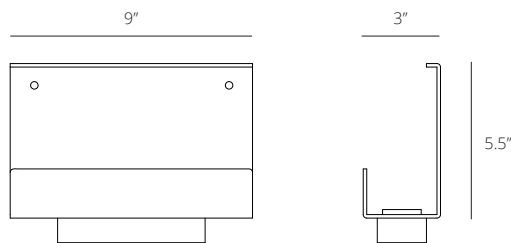

Foundation Benching Power Tray

Foundation Collection
